# Why Create Spaces

Scott Galloway  
President | Spaces

## Exceptional Spaces - On Time + On Budget

Our promise to our clients is your project will be on time and on budget. And what's more is your space will look amazing.

## Craftsmanship + Quality

We have assembled one of the northwest's largest teams of skilled tradesmen. Our installers are well trained and they care about every detail of your project.

## Making The Complex Simple

By using our proven process of discover, design, deliver, our team will be your trusted guide every step of the way. Our goal is to be "the easy button" for our customers.

## Extraordinary Customer Service

People like to do business with people they know and trust. And that's why Create Spaces is still in business. We care about our customers and they trust us to treat them right.

See you on the next project,

# Furniture

Private Offices | Cubicles + Workstations | Collaboration + Conference Rooms  
Seating | Lounge | Reception

We have a professional staff of knowledgeable workplace consultants, detail-oriented designers, and hard-working installation teams. Our values of trust, respect, make a difference, and pursue excellence are entrenched in every part of what we do no matter the project.

## Design

Create Spaces has a highly regarded team of designers and space planners who participate in every phase of planning.

## Sales

Work with a Create Spaces workplace consultant to determine your needs and put together a plan of action.

## Project Management

We have dedicated project managers who work hand-in-hand with our design and sales team to coordinate every detail of your project.

## Installation

When it comes to your project, experience matters, that is why we employ an in-house team of professional furniture installers so the job is done well every time.

  - Wayfinding

- Collaboration UC Room**
- Zoom Rooms
  - Teams Rooms
  - WevEx & Beyond

- Structured Cabling & DAS**
- Network cabling, wireless access points, VoIP, IT Managed Services, Fiber and OSP, Distributed Antenna Systems for Cellular

# Acoustical Treatments

## Acoustical Art

With a wide range of sizes and depths, you can give your walls dimension and color while also adding acoustic benefits.

## Sound Clouds + Baffles

Transform conventional spaces into sophisticated and captivating environments. Absorbs internal and external sound influences reducing the noise level in a room. People feel more comfortable in the environment, are able to converse freely, and don't have to fight to be heard.

# Prefab Construction

## Modular Walls

Save time and money on pre-engineered modular walls vs traditional construction. Our architectural wall solutions don't require permits and can be redesigned and redeployed as the needs of the business adjust over time.

## Operable Walls

Steel framed operable wall systems divide large rooms into multi-functioning areas with the punch of a button.

## Phone Booth

For when you need a "little" privacy.

## Window Coverings

We procure and install manual, motorized, automated, and specialty shades.
